

Humanitarian Education Teacher Training

Saturday, March 25, 2023
9:30am-3:00pm
Regina, Saskatchewan
Venue: TBC

- Participants will explore classroom activities that introduce the principles of International Humanitarian Law (IHL) and related issues to young people. Issues include human rights; war crimes; refugees; child soldiers; gender-based violence; attacks on civilians, hospitals, and schools; and environmental destruction due to war.
- This workshop includes instruction from Canadian Red Cross personnel and trained teachers currently implementing humanitarian activities in their classrooms.
- This workshop is designed for both new and current classroom teachers, Bachelor of Education students and professors, and other education professionals.
- The Humanitarian Education (HEd) teacher training utilizes an easy-to-use, adaptable toolkit aimed at students 13 - 18 years of age.
- The content of the HEd training complements academic subjects such as global issues, social studies, history, law, and language arts.
- Participants will be introduced to the interactive resource [Forced to Fight, the Exploring Humanitarian Law toolkit](#), [Canada and Conflict manual](#) and the [Humanitarian Education Curriculum Guidebook](#).
